Lifesize® Cloud

Now you're talking with incredible video conferencing

lifesize®

Video calling as it should be.

Easy as 1-2-3!

Creating the connected experience couldn't be simpler. Connect Lifesize Cloud to your Lifesize Icon right out of the box, and host a meeting in the conference room in no time.

1. **Download**
   The Lifesize Cloud app.

2. **Connect**
   Connect your Lifesize Icon room video system to Lifesize Cloud.

3. **Meet!**
   Click to call—it's that easy.

Ever wonder why virtual meetings are so complicated? We did too. So we changed everything. Now, you can call anyone in your organization with a single click. Dial a person or virtual meeting room by name rather than dialing a long access number. Call someone for an instant meeting, or join a scheduled meeting using a virtual meeting room. Stay connected from the meeting room to the office and on the go.

See the meeting. Be the meeting.

Only Lifesize Cloud provides the features you need to make your meetings truly connected.

Instant + Scheduled Calls

Call anyone in an instant or have everyone dial into one meeting without needing to send a new dial-in number.

Shared Directory

Once a new person is added to Lifesize Cloud, they're instantly added to the directory. What's more, after connecting your Lifesize Icon room video system to Lifesize Cloud, your directory automatically populates with names. Now each person and video conferencing system can instantly access one another through the directory. Simply scroll by name to see who is available, and click to call.

Ring All Devices

Only Lifesize Cloud rings all your devices (room video system, laptop, tablet and smartphone) for a video call.

Single + Group Calls

To add another person or a video conferencing system to the conversation, simply click on the name. Keep adding as you go (up to 25).

Meet Lifesize Icon. The Best Way to Video Call

Our award-winning room video system is designed to be the industry's simplest video conferencing experience. Together with Lifesize Cloud, Lifesize Icon delivers video conferencing that's as easy, as lifelike, and as remarkable as meeting in person.

1. **Video System**
   - Ideal for meeting rooms or home offices
   - Intuitive, frustration-free user interface
   - Click-to-call directory; press a button to add additional callers for a group call
   - Instant and scheduled meetings

2. **Camera 10x**
   - 1080p60 PTZ
   - Wide-angle zoom lens with 70-degree field of view
   - Up to 10x optical zoom

3. **Phone, 2nd Generation**
   - Fully integrated HD audio conference phone
   - Touch-screen user interface
   - Manages HD video, audio and presentation

4. **Digital MicPod**
   - Pro-audio 48 kHz sampling rate
   - Reduces ambient room noise
   - Touch-sensitive Mute button and "Mute" and "In-Call" LED indicators

5. **Remote**
   - Sleek and simple ergonomic style

Lifesize Cloud Specifications

DIAL PLANS

Support for both direct-dial and "meet-me" dialing plans

– Direct dial any user, video system or meeting room for instant collaboration

– Create and schedule meet-me meetings

– Email-based dialing support

Support for legacy dial plans

– Dial out to any IP address or URI

– Every user and meeting room is reachable by IP address, URI or telephone number

MEETING ROOMS

Every user can create meeting rooms

– Optional security passcode

– Configurable auto-removal of unused rooms

– Each room supports up to 25 participants joining on an H.323/ SIP video system, Lifesize Cloud app, guest client or telephone

CALL ESCALATION

Create a group call by simply adding another person to your call—no need to hang up and dial a bridge or meeting room (Feature available on the Cloud app and Icon room video system)

UNLIMITED GUEST CALLING

Anyone can join your call from an existing group video system, a Mac® or PC or even a web browser (Beta for Chrome™ only)

TELEPHONE SUPPORT

Local telephone numbers in 30+ countries, provides dial-in support to all users and meetings

USER AND MEETING DIRECTORIES

Lifesize Cloud eliminates the need to dial using legacy IP addresses since every app and Icon room video system comes with a prepopulated directory—simply select the entry you wish to call

PRESENCE

– Presence indicators let you see at a glance whether the person you want to reach is available*

CLOUD INTEGRATED

Lifesize Cloud apps for Macs, PCs, mobile devices and Lifesize Icon room video systems offer native Cloud integration:
